

The Future Turtles Charter Bus

Starting in 2024, we chartered a whole bus from Burner Express Bus (BxB) to bring our campers directly to our camp on playa and home. This is a huge win for so many reasons!

1. Super convenient. Direct drop off and pick up right in our camp
2. Nobody has to drive their personal cars to playa
3. Nobody has to wait in line for gate or exodus - the bus skips the line!
4. Ensures that its easy for our campers to stick around until the last minute of strike.

2024 Future Turtles Bus FAQ

This is from 2024. We have not yet updated it for 2025.

Just like the Burner Bus Express, the Future Turtles Bus skips the line to enter and exit playa -- which can save 10 hours some years! It is operated by Burning Man, but it is chartered by the Future Turtles and goes directly to our camp at 7:00 & F.

- **WHY THE BUS IS AWESOME**

1. Your personal car does not get trashed from being on playa
2. You don't have to rent a car and explain to the rental agency that you are absolutely not going to Burning Man and then pay a huge cleaning fee
3. You **SKIP THE LINE** to enter and exit Black Rock City. The line can be 10 hours each way!
4. You are riding with TURTLES!
5. You can SLEEP all the way home because you're going to be TIRED!

ABOUT THE FUTURE TURTLES BUS

Our bus is similar to the Burner Bus Express, in fact, it is operated by Burning Man, but this one goes right to and from our camp on Playa, so you don't have to take the on-playa shuttle, or drag your gear for miles through the dirt!

- **Departure** Saturday, August 24, 9:00am
- at the Safeway 16th & Bryant, San Francisco
- Making one stop to pick up passengers at the Grand Sierra Resort, Reno, NV at approximately 1:00pm

NO SAP IS NEEDED to enter playa on Saturday with the bus!

- **Return** Monday, September 2, 11:00am
- Future Turtles Theme Camp
- One stop at Grand Sierra Resort, Reno, NV
- Then returning to 16th & Bryant, San Francisco

RULES

- You must have a **physical ticket to the Burning Man event in hand** to board the inbound bus. **No Exceptions.** The bus **cannot** stop at will-call to pick up tickets--sorry!

- Priority will be given to Turtles but we will also open up remaining spaces to other burners in our neighborhood to help defray our costs.
- Reminder that we do not have room in our camp for Future Turtles to drive in their own vehicles unless those vehicles are a part of the build team.

Your share of the cost of operating the Future Turtles Bus depends on how soon you buy your ticket:

Month	One Way (SF)	One Way (Reno)
May - June	\$160	\$130
July	\$170	\$140
August	\$180	\$150

We can take one large suitcase and one carry on.

If you have more than a large suitcase, for example, if you are also bringing a tent or a bicycle, we can carry that for you in the Turtle Truck.

- The Turtle Truck leaves SF on Friday; you must bring your large items to us on Friday morning and help load.
- The Turtle Truck will meet the bus in Reno so if you are getting on in Reno just bring your large items to the Turtle Truck
- While the bus skips the line to get into playa, the truck doesn't, so your large items may arrive in our camp several hours after the bus.
- Similarly, on the way home, the truck will leave playa at the same time as the bus, but it may be delayed in Reno and SF due to exodus, stopping to dump trash, and other things.
